and Technical Specifications.

**On those big sites where range and coverage is important, Gas Shark is the ideal machine for getting into those awkward places - under shelves and low fixtures, that ordinary machines can't reach.**

**Lower and longer than Electric Shark**

Base length: 71cms  
Height including brush: 11cms

**So easy to control and adjust, so much easier on you**

Effort and fatigue are greatly reduced through the Shark's combination of ergonomic handle, overall balance and fully height adjustable with the ratchet lever to suit any height Operator, the Shark makes awkward area scrubbing or stripping a breeze.

**Over 120 Distributors in Australia, New Zealand and worldwide**

Every Polivac product is backed by a national and international network, so you can be confident of service, repairs or parts supply being turned around ...fast!

**Scrubs up looking good**

The Shark's sturdy steel base is powder-coated to make it easier than ever to wipe down – looks as good as it cleans!

The full wrap-around bumper completely protects walls and fittings from accidental impact ...and the machine from scrapes and scratches.

Non-marking too!

**Key electric start - quick start!**

Gas Shark fires up instantly to get you started without any fuss.

**Accurately track job times, service intervals and gas use**

0-9999 hour meter easily monitors both Operator and machine times.
