# Highly manoeuvrable, Australian-designed, industrial, ride-on burnisher for large shopping centres and large area cleaning

Maximum floor coverage PLUS maximum revolutions (1800 rpm) PLUS maximum manoeuvrability - Rider 103 makes getting that glossy finish on tiles, vinyls or just about any hard, polished surface as easy as a Sunday drive!

Operators will love its easy handling. You'll love the consistent high gloss finish and low per square metre operating cost only ride-on gas power can deliver ... hour, after hour, after hour!

## Triple pads for total coverage

The Rider 103's triple pad set gives a 103 cm wide operating path delivering exceptional coverage in large areas.

## Operator and public safety PLUS!

4 wheel stability ensures maximum Operator safety. Comfort seating....and a seat belt too!

25.4cm (10") non-slip, non-slip, non-marking pneumatic wheels for the main body plus 4 x 10.2cm (4") castor wheels provide support to the cleaning head.

## Cuts out costly and time-consuming swing buffer cleaning

Rider 103 is the most economical dollars per square metre cleaning system for shopping centres, airports or any large areas you can buy.

## Over 120 Distributors in Australia, New Zealand and worldwide

Every Polivac product is backed by a national and international network, so you can be confident of service, repairs or parts supply being turned around ...fast!
